

meetings, progress fact sheets, and the announcement through local newspaper advertisement on the availability of documents such as the RI/FS, Risk Assessment, ROD, Proposed Plan and Five-Year Reviews. Notices associated with these community relations activities were also mailed out to the area residents and other concerned parties on the mailing list for the Site.

Determination That the Site Meets the Criteria for Deletion From the NCP

The NCP specifies that EPA may delete a site from the NPL if “all appropriate Fund-financed response under CERCLA has been implemented, and no further response action by responsible parties is appropriate.” 40 CFR 300.425(e)(1)(ii). EPA, with the concurrence from the State of New Jersey, through NJDEP, believes that this criterion for deletion has been met and the Site is available for use without restriction. Consequently, EPA is deleting this Site from the NPL. Documents supporting this action are available in the Site files.

V. Deletion Action

EPA, with the concurrence of the State of New Jersey, has determined that all appropriate Fund-financed responses under CERCLA have been implemented, and no further action by responsible parties is appropriate. Therefore, EPA is deleting the Site from the NPL.

Because EPA considers this action to be noncontroversial and routine, EPA is deleting the Site without prior publication. This action will be effective September 8, 2009 unless EPA receives adverse comments by August 6, 2009. If adverse comments are received within the 30-day public comment period of this action, EPA will publish a timely withdrawal of this Direct Final Deletion before the effective date of the deletion and the deletion will not take effect. EPA will, if appropriate, prepare a response to comments and continue with the deletion process on the basis of the Notice of Intent to Delete and the comments received. In such a case, there will be no additional opportunity to comment.

List of Subjects in 40 CFR Part 300

Environmental protection, Air pollution control, Chemicals, Hazardous substances, Hazardous waste, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, Water supply.

Dated: June 25, 2009.

George Pavlou,

Acting Regional Administrator, Region 2.

■ For the reasons set out in the preamble Part 300 Title 40 of Chapter I of the Code of Federal Regulations is amended as follows:

PART 300—[AMENDED]

■ 1. The authority citation for Part 300 continues to read as follows:

Authority: 33 U.S.C. 1321(c)(2); 42 U.S.C. 9601–9657; E.O. 12777, 56 FR 54757, 3 CFR, 1991 Comp., p. 351; E.O. 12580, 52 FR 2923, 3 CFR, 1987 Comp., p. 193.

Appendix B—[Amended]

■ 2. Table 1 of Appendix B to part 300 is amended by removing “Wilson Farm, Plumsted Township, NJ.”

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

46 CFR Part 8

[USCG–2008–1014]

RIN 1625–AB31

International Air Pollution Prevention (IAPP) Certificates

AGENCY: Coast Guard, DHS.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: On May 8, 2009, the Coast Guard published a direct final rule that notified the public of the Coast Guard’s intent to amend its vessel inspection regulations to add the International Air Pollution Prevention (IAPP) certificate to the list of certificates a recognized

classification society may be authorized to issue on behalf of the United States. We have not received an adverse comment, or notice of intent to submit an adverse comment, on this rule. Therefore, the rule will go into effect as scheduled.

DATES: The effective date of the direct final rule published at 74 FR 21554, is confirmed as August 6, 2009.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call Mr. Wayne Lundy, Systems Engineering Division, Coast Guard, telephone 202–372–1379.

SUPPLEMENTARY INFORMATION: On May 8, 2009, we published a direct final rule entitled “International Air Pollution Prevention (IAPP) Certificates” in the **Federal Register** at 74 FR 21554. We promulgated this rule because the United States deposited an instrument of ratification with the International Maritime Organization for Annex VI of the International Convention for the Prevention of Pollution by Ships, 1973 as modified by the Protocol of 1978 (MARPOL 73/78). As a result, Annex VI entered into force for the United States on January 8, 2009. The rule offers a more efficient means for U.S. vessels to obtain an IAPP certificate.

We published the rule as a direct final rule under 33 CFR 1.05–55 because we considered this rule to be noncontroversial and did not expect an adverse comment regarding this rulemaking. In the direct final rule we stated that if no adverse comment, or notice of intent to submit an adverse comment is received by June 22, 2009, the rule would become effective on August 6, 2009.

We have not received adverse comments, or notices of intent to submit adverse comments, on this rulemaking. Therefore, this notice confirms that the direct final rule will become effective as scheduled, on August 6, 2009.

Dated: June 29, 2009.

Howard L. Hime,

Acting Director of Commercial Regulations and Standards, U.S. Coast Guard.
